

SMART MedTech Media Partnership Form

SEMI Europe is hosting the following SMART MedTech events to build communities, content and activities around critical and emerging topics connecting the medical and electronics industries.

SEMI Virtual Healthtech Summit

Microtechnology-Enabled Solutions in Overcoming COVID-19

July 16, 2020 | 3:00pm – 4:30pm CEST | Online

The SEMI Virtual Healthtech Summit provide industry experts' insights into the opportunities and challenges surrounding the near and long-term future of the healthcare industry and how it will be shaped by the newest generation of smart and sensor driven technologies that enable data-driven and technological powered diagnosis and care.

SMART MedTech Forum - SEMICON Europa

Continuum of Healthcare Powered by Semiconductor Technologies

Nov 11 - 12, 2020 | 10:00am - 5:00pm | Munich, Germany

The forum brings together key stakeholders from along the semiconductor value chain and healthcare sector to address the power of chip technology to healthcare.

Media Partnership Examples

- Display your logo on our event websites and marketing campaign related mailings
- Free registration - SEMI Healthtech Virtual Summit and SEMICON Europa
- Cross promotion on social media accounts (Twitter & LinkedIn)
