Global Advocacy

SEMI Urges Upcoming French Presidency of the EU Council to Make Chip Industry a Top Priority

"Only strong leadership among member states and a comprehensive semiconductor strategy ..." said Laith Altimime, president of SEMI Europe.

Corporate Social Responsibility

Edwards Vacuum President Champions Collaboration, Carbon Neutrality and Workplace Inclusivity

To get the best ideas and the best innovation you need different ideas and different points of view. It's a non-linear effect. Diversity feeds on itself.

Workforce Development

Smart Manufacturing Hit Hard in War for Talent

The war for talent is especially fierce for microelectronics manufacturing companies looking for new data analytics staff as they work to overcome ...

Standards

Newly Published Test Methods on Displays Characteristics

These two standards, developed by the Korean Flat Panel Display Metrology Global Technical Committee, are expected to increase the reliability of the ...

SEMI-Related

Mind-Controlled Robots Now One Step Closer

Researchers teamed up to develop a machine-learning program that can be connected to a human brain and used to command a robot.
