

SEMI GLOBAL UPDATE

July 5, 2022

What's New at SEMI

Exhibition and Conferences

SEMICON West 2022 Hybrid Keynotes to Highlight CHIPS Act, Sustainability, Mobility and Talent

SEMICON West 2022 Hybrid will also highlight industry challenges and opportunities for overcoming pressing issues such as sustainability, chip ...

Exhibition and Conferences

Best of West Finalists Announced: Advantest, ClassOne Technology, Nanotronics, Onto Innovation, UCT

The Best of West award recognizes innovative new products or services that are significantly advancing the electronics manufacturing supply chain or a ...

Executive Conference

Insights from Industry Strategy Symposium Europe 2022

ISS Europe 2022 offered insights on three critical challenges facing the microelectronics industry: the energy crisis and sustainability, supply chain ...

Semiconductor Design

Managing Critical Timing Constraints Across Design and Verification

Automation and abstraction are the only way to manage the ever-increasing complexity of timing constraints and propagation of timing information ...

Innovation

Deeper Collaboration Key to Continuing Semiconductor Innovation, Zero Defects for Auto Industry

To build greater clarity into the ecosystem, Entegris proposes an interdisciplinary approach that includes design and process engineering teams to better ...

SEMI-Related

Graphene Tattoos Measure Blood Pressure Continuously

Ultralight sensors could work for days.

Events/Webinars

July 11-14, 2022	FLEX Conference & Exhibition 2022 San Francisco, California Pacific Standard Time
July 12-14, 2022	SEMICON West 2022 Hybrid Virtual/San Francisco, California Pacific Standard Time
September 6-7, 2022	MEMS & Imaging Sensors Summit Grenoble, France Central European Time
