

SEMI GLOBAL UPDATE

August 23, 2022

What's New at SEMI

Exhibition and Conferences

SEMICON China 2022 to Highlight Sustainability, Smart Manufacturing and Advanced Packaging

SEMICON China is a key enabler of collaboration and innovation across the entire electronics supply chain including chip design, manufacturing, assembly and...

Workforce Development

Strategies for Retaining Women in the Workforce: New Superbloom Fellows Program for Mid-Career Women

Men have recovered jobs lost during the pandemic (and gained 132,000 more) while women still face a shortfall of 100,000 jobs.

Power Technologies

High-Voltage Power Technologies Drive Next-Generation Semiconductor Processes

When it comes to inspecting wafers, the challenge is to measure the dimensions of the fine patterns without impacting throughput.

Standards

Critical Revision to Safety Interlock Design Systems in SEMI S2

As the scope of the activity expands, the Task Force intends to perform a major revision of SEMI S2, which will open the entire standard for review.

SEMI-Related

Robotaxi via Lyft App Launched in Las Vegas

The news precedes the launch of a fully driverless service next year.

Events/Webinars

August 31, 2022

Semiconductor Materials Webinar Series: Advancing the Dry Etching Process

Online | Central European Time

September 6-7, 2022

MEMS & Imaging Sensors Summit

Grenoble, France | Central European Time

September 14-16, 2022

SEMICON Taiwan 2022

Taipei, Taiwan | Taipei Standard Time
