innovation  you

A healthcare worker, likely a nurse or technician, is shown in a clinical setting. She is wearing blue scrubs, a blue surgical cap, and a white surgical mask. She is holding a smartphone in her right hand and a medical device cable in her left hand. The background is slightly blurred, showing other medical equipment and a person in the foreground.

Philips' purpose is to improve
the health of billions of people

Technology is improving
access, productivity and
quality of healthcare

Chips for lives
