

What's New at SEMI

Market Data

Global Semiconductor Manufacturing Industry Strengthens in Q2 2024, SEMI Reports

"We expect a positive CapEx trend to begin in Q3 2024 led by memory," said Clark Tseng, Senior Director of Market Intelligence at SEMI.

Exhibition and Conference

SEMICON Europa 2024 to Spotlight Innovation and Collaboration Powering Sustainable Growth

"Leaders from across the value chain at SEMICON Europa will discuss innovations and collaboration...", said Laith Altimime, president of SEMI Europe.

Sustainability and Workforce Development

Podcast Interviews from SEMICON West: Update on Sustainability and Workforce

Bhat and Liss were later interviewed for a podcast by 3D InCites to share additional insights on sustainability and workforce development, respectively.

Conference

Semiconductor Industry Experts to Present Solutions to Boost Performance at Advanced Packaging Summit

The Summit will explore topics including 2.5D packaging, chiplet packaging, co-packaged optics and flip-chip ball grid array substrate technologies.

Standards

Mercury Free Test Method for Characterizing Silicon Wafer is Underway

The SEMI MF1392 standard specifies the method for determining net carrier density profiles using capacitance-voltage measurements with a mercury probe.

SEMI-Related

Increasing Roles For Robotics In Fabs

AI and robotics are taking on bigger, more complex, and increasingly autonomous tasks, but integration with existing processes remains a challenge.

Upcoming Events/Webinars

Aug 22	Tech Talk Over Coffee Penang, Malaysia Edition Penang, Malaysia Malaysia Time
Sep 4-6	SEMICON Taiwan 2024 TaiNEX 1&2, Taipei China Standard Time
Sep 9-10	3rd EuroPAT-Workshop Berlin, Germany Central European Time
