

SEMI GLOBAL UPDATE

November 18, 2025

What's New at SEMI

Exhibitions and Conferences

SEMICON Europa 2025 to Highlight Global Collaborations for European Economic Resilience

"As we mark 50 years of SEMICON Europa, we look forward to bringing the industry together to explore ...,," said Laith Altimime, President of SEMI Europe.

Global Advocacy

SEMI Applauds Introduction of New Bill to Extend U.S. Tax Credit

"Ensuring a strong and secure domestic semiconductor ecosystem in the United States requires sustained ...,," said Joe Stockunas, President of SEMI Americas.

Global Advocacy

SEMI Europe Publishes 30 Recommendations for a Forward-Looking European Chips Act

"The publication of this report marks a key step in advancing Europe's semiconductor ambitions," said Laith Altimime, President, SEMI Europe.

Technology and Trends

NanoIC Pilot Line: imec's Initiative Advancing Europe's Semiconductor Ecosystem

Discover how imec's Nano Pilot Line is leveraging the potential of pathfinding process design kits and their impact on Europe's semiconductor ecosystem.

Technology and Trends

From Expansion to Optimization: Entegris on the Next Phase of Silicon Carbide Manufacturing

Dr. Mark Puttock of Entegris shares his perspective on how collaboration and innovation are shaping the future of silicon carbide manufacturing.

Markets and Business

Trend Tracking with Breker Verification Systems' Maheen Hamid

From trade shifts to AI-driven chip design, Maheen Hamid shares insights on collaboration, silicon sovereignty, and the future of verification.

Awards and Recognition

SEMI Europe Announces 2025 20 Under 30 Awards

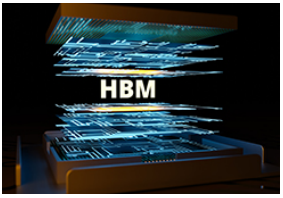

"The strength of Europe's semiconductor future lies in the brilliance and ambition of its next ...,," said Laith Altimime, President of SEMI Europe.

Awards and Recognition

SEMI Europe Recognizes Owen Guy as the Academia Impact Award Recipient

"Europe's semiconductor resilience relies on visionary leaders like Dr. Guy, who not only advance ...,," said Laith Altimime, President of SEMI Europe.
