

SEMI GLOBAL UPDATE

November 25, 2025

What's New at SEMI

Sustainability

Gyeonggi Province Signs MOU with Samsung, SK hynix, and SEMI to Expand Renewable Energy Use

"We appreciate Gyeonggi Province's leadership and the Korean government's ...," said Saifi Usmani, VP, Global Industry Sustainability Programs, SEMI.

Innovation

Driving Global Innovation: Empowering Deep Tech Startups through Semiconductor Collaboration

SEMI connects global innovators with the semiconductor ecosystem, driving cross-border partnerships and accelerating next-generation technologies.

Quality

SEMI Quality Benchmarking (QBC) Consortium at STMicroelectronics in Milan: Driving Quality Forward

The SEMI QBC met at STMicroelectronics Agrate to share best practices and drive innovation in semiconductor quality management.

SEMI News

Video: Voices of the SEMI Community

We're grateful for our members helping to future-proof the global electronics value chain. Watch the video on how collaboration drives our industry's future.

Workforce Development

European Chips Skills Academy Publishes 2025 Skills Strategy Report

"The 2025 ECSA Skills Strategy Report offers a comprehensive view of the talent landscape across ...," said Laith Altimime, President of SEMI Europe.

Workforce Development

From STEM Enthusiast to Rising Industry Leader: Eloise Bond's Growing Impact in Semiconductors

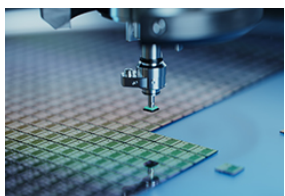

Eloise Bond of KLA shares how engineering, collaboration, and STEM outreach shaped her journey – boosting her confidence to take on new challenges.

Workforce Development

Bridging Science and Strategy: Anne-Mary Yeboah's Path to Technology Leadership

Soitec's Anne-Mary Yeboah reflects on how connecting engineering and management prepared her for the challenges of a global, fast-paced industry.

SEMI-Related

Semiconductor Engineering: New Panel Production Efforts Target Interposer Costs

A pilot line will attempt to dial in a volume process for large organic interposers.

Upcoming Events/Webinars

- | | |
|-----------|---|
| Dec 11-12 | SIPS—SEMI International Policy Summit
Singapore Singapore Standard Time |
| Dec 11 | Ripple Effects: Water Risk and Resilience Across the Semiconductor Value Chain
Virtual Pacific Time |
| Dec 11 | Women in Semiconductors—WIS
Phoenix, Arizona Mountain Standard Time |
